MEMBERSHIP

- For the first 5 years, PMSA sought any needed funding indirectly – in most cases, necessary project \$\$ were contributed by people working on the projects, or “found” through other entity sources (Grants, Rotary, etc.)
- This was recognized as significant limitation in 2009
- The PMSA Board decided to propose a change to the bylaws that would enable the PMSA to collect funds directly
- By vote at the PMSA Public Meeting in October 2010 the bylaws were officially changed!
- Today, the Perry Main Street has almost 60 members, and a goal of reaching 100 members in 2012.
- **Individuals can join for just \$10**
- Businesses can join at levels that range from \$25-200; some levels provide extra web/online benefits.

MEMBER Lumber Yard Restaurant

William H. Hawley, Jr., clerk of the New York State Assembly in the late 1800's, founded what became the Hawley Lumber Company in 1901 on this site. Known locally as the Hawley Lumber Yard, it was originally operated as a supply business for farmers and masons. By 1909, buildings in the red barnwood style had been erected. Fred Hawley, Sr., took over the business in 1912 and operated it continuously for 61 years until his death in 1973.

The main shed which now houses the dining hall, was built in 1923. It was designed with the wide openings at the north and south ends so that horse drawn wagons, and later trucks, could be driven in one end, loaded from the first or second floor, and driven out. The original office was in the building located near Federal Street. A new business office was added to the main shed in 1940 and now houses the rest rooms and offices. The shop, and other buildings which were located in the present parking area, served as saw mills, horse barns, lumber sheds, window and door manufacture and there was even a long trolley to feed large logs through milling and planing sheds.

The **Lumber Yard Restaurant** is proud to serve the public in the Perry area at this historical location. Join us!

Your hosts,
Ann & Kevin Bohn, since 1981
